Total - Public Education/Outreach/Advocacy				\$2,485,664
Research				
Alamo Breast Cancer Foundation	Support advocate travel stipends and production of the 2008 San Antonio Breast Cancer Symposium Meeting Highlights CD that is prepared by patient advocates.	San Antonio	TX	\$160,000
The Arizona Board of Regents, University of Arizona	Support the ELLA Bi-National Study. This collaborative program aims to characterize a true estimate of breast cancer disease patterns and susceptibility in Hispanic women including subtype, age at diagnosis, etc.	Tucson	AZ	\$255,000
Board of Regents of the University of Wisconsin System	Support Dr. Polly Newcomb to evaluate how age-at-first pregnancy interacts with other factors such as age of menarche and age of menopause, as well as determine if certain tumors markers are associated with pregnancy status and age.	Madison	WI	\$75,000
Boston Medical Center	Fund comprehensive genetic analysis of normal & premalignant breast tissue, identifying early changes giving rise to breast cancer. The studies will identify DNA copy number variation (CNV) between healthy breast & premalignant tissues.	Boston	MA	\$300,000
Boston Medical Center	Continue support for the final two years of the research study: 'Measuring What Navigators Do: Task and Social Network Analysis' studying NCI-funded navigator programs (Battaglia, BMC).	Boston	MA	\$350,000
Cicatelli Associates, Inc.	Support a research project evaluating the impact of the Avon Foundation BC Fund (2000 to 2007) and develop a report detailing best practices in breast health education and screening.	New York	NY	\$155,000
Dr. Susan Love Research Foundation	Launch the Army of Women which aims to recruit 1,000,000 healthy women who are willing to donate blood, fluids or tissue samples to studies examining the causes of breast cancer and to develop ways to prevent the disease.	Pacific Palisades	CA	\$1,200,000
Health Research Alliance	Support the final development of gHRAsp (Grants in the Health Research Alliance Shared Portfolio), a web-based database that will contain grant information of HRA member nonprofit agencies, including members in the breast cancer field.	Research Triangle Park	NC	\$95,000
ITSON	Support the collaborative ELLA Bi-National Study, which aims to characterize a true estimate of breast cancer disease patterns and susceptibility in Hispanic women including subtype, age at diagnosis, etc.	Sonora	Mexico	\$70,000

<u>Organization Name</u>	<u>Project Title</u>	<u>City</u>	<u>State</u>	<u>Grant Amount</u>
John Wayne Cancer Institute	Fund research project "dissecting the role of TXNL antioxidant protein in breast cancer progression" by principals: Dr. A. Giuliano & Dr. X. Cui. This research is part of Avon's 2008 Research BRIDGE program.	Santa Monica	CA	\$300,000
Marin County Department of Health & Human Services	Provide for an automated system to send reminder postcards to women enrolled in a study correlating saliva hormone levels and breast density, asking them to return their saliva samples, with the goal of increasing the response rate.	San Rafael	CA	\$6,500
Mount Sinai School of Medicine	Fund research to develop a new assay for the detection of HMTV virus in samples of breast milk to understand the baseline levels of HMTV found in breast milk from 'normal/healthy' population of women.	New York	NY	\$27,417
New York University, College of Nursing	New study will build on the observational study previously funded by the Avon Foundation. The new study is a prospective, interventional trial that will enroll survivors with the goal of reducing lymphedema (LE) risk.	New York	NY	\$193,838
New York University School of Medicine	Support the characterization and validation of a 'genomic signature' of pregnancy and its effects on breast tissue. The project is a collaboration between 8 key investigators at 3 institutions-NYU, Fox Chase Cancer Center, & University of Umea Sweden.	New York	NY	\$1,400,000
California Breast Cancer Research Program	Support a program to determine if environmental risk factors and disparities in outcomes can be added to epidemiological study; to evaluate genetic and environment interaction studies; & to understand racial and ethnic differences in survival.	Oakland	CA	\$500,000
Sidney Kimmel Comprehensive Cancer Center at Johns Hopkins Medical Center	Support for operations of Translational Breast Cancer Research Consortium that includes 13 partner institutions in addition to Johns Hopkins, the lead institution.	Baltimore	MD	\$1,490,000
Silent Spring Institute	Update population breast cancer diagnosis data for MA counties in the MassHEIS environmental information system and analyze the possibility of adding environmental assays to ongoing genetic population studies.	Newton	MA	\$175,000
Trustees of Boston University	Continue support for the final two years of the research study entitled: 'Assessing Patient Navigation Activities at Avon Safety Net Hospitals'.	Boston	MA	\$150,000
Universidad de Guadalajara	Support the ELLA Bi-National Study. This collaborative program aims to characterize a true estimate of breast cancer disease patterns and susceptibility in Hispanic women including subtype, age at diagnosis, etc.	Guadalajara	Mexico	\$135,000
Universidad de Sonora	Support the ELLA Bi-National Study. This collaborative program aims to characterize a true estimate of breast cancer disease patterns and susceptibility in Hispanic women including subtype, age at diagnosis, etc.	Sonora	Mexico	\$95,000
The University of Chicago	Support Dr. Macleod's project entitled 'Functions of BNIP3 in mammary tumorigenesis'.	Chicago	IL	\$300,000
University of Massachusetts Amherst	Supplement Dr. Arcaro's current Avon project to create new 'breast milk mailing kits' and enable her to enroll women from cities in the northeast other than Amherst.	Amherst	MA	\$10,000
University of North Dakota	Support the study of proteins that can be identified in breast milk and nipple aspirate fluid that are differentially expressed by age of first-full-term pregnancy or lack of pregnancy.	Grand Forks	ND	\$243,273
The University of Texas M.D. Anderson Cancer Center	Support the ELLA Bi-National Study. This collaborative program aims to characterize a true estimate of breast cancer disease patterns and susceptibility in Hispanic women including subtype, age at diagnosis, etc.	Houston	TX	\$345,000
Zero Breast Cancer (formerly Marin County Breast Cancer Watch)	Engage the community in novel breast cancer research studies including BCERC, prospective study of breast cancer survivorship in the Bay Area, & a project to develop a Bay Area Geographic Information System.	San Rafael	CA	\$150,000
Total - Research				\$8,181,028

<u>Organization Name</u>	<u>Project Title</u>	<u>City</u>	<u>State</u>	<u>Grant Amount</u>
Support Services				
CancerCare, Inc.	Continue to expand AvonCares financial assistance program, social work and referral services including staffing: Director of Patient Assistance Programs, Case Managers & Social Workers.	New York	NY	\$1,500,000
